DESIGNATIONS OF COUSINS

Have you ever wondered exactly what relation you were to your Mother's first cousin or to the child of your Mother's first cousin? Recently answers were found in the American Heritage Dictionary.

A "first cousin," "full cousin," or a "cousin-german" is a child of one's aunt or uncle. A more specific definition is "a relative descended from a common ancestor, such as a grandfather, by two or more steps in a diverging line." Then these relatives are placed in two categories:

A - Those relatives descended the same number of steps.
B - Those relatives descended an unequal number of steps.

Examples of those descended the same number of steps:

(1) Children of brothers and sisters are "first cousins" to each other.
(2) The children of first cousins are "second cousins" to each other.

Examples of those descended an unequal number of steps:

(1) A child of one's first cousin is "first cousin once removed."
(2) A grandchild of one's first cousin is "first cousin twice removed."

These designations are not too complicated when once defined. Complications arise when a "first cousin once removed" is sometimes called a "third cousin." How about using "kissing cousin" for all cousins beyond first cousin category? After all, that is a cousinly term.

One of our regular contributors, Bess GATLIN, sent this item about this Journal in Special Collections. Special Collections is on the second floor of the Texas A&M Library and is open Monday through Friday 8:00 to 5:00.

The Journal of Dr. Pleasant Williams KITTRELL

Langston James GOREE is a familiar name to most of us--and if it is not, then it is our loss. Scion of several old Texas families, Mr. GOREE has enriched the culture of Texas as an author, publisher and entrepreneur in the writing of Texas family history. Mr. GOREE founded the Family History Foundation

The Journal of Dr. Pleasant Williams KITTRELL (Continued)

and is a frequent user of Special Collections' materials. The Family History Foundation donated a copy of its KITTRELL Journal 1853-1867. This worthy volume is the unedited, indexed version of the personal journal of Dr. Pleasant Williams KITTRELL (1805-1867) during his years in Texas. Donated in honor of Dean Emeritus Fred J. BENSON, the current President of the Friends of the Texas A&M University Library, the KITTRELL Journal is an extremely valuable resource which provides not only intriguing insights into the thoughts and experiences of a participant in the era, but also access to hundreds of names via an exceptional index. On a more mundane level, KITTRELL provided a Maryland recipe for curing hams as well as several home remedies. But most importantly, the KITTRELL Journal provides insight into Pleasant Williams KITTRELL himself: the man, his interests, and his life. One does not have to be related to Dr. KITTRELL to appreciate his feelings as he expressed them at the outbreak of the war between the states--or, for that matter, his consternation at attempting to collect a bad debt. The KITTRELL Journal is a human document which records an epoch in Texas and a man's full life within it.

> Dr. KITTRELL himself observed on 1 January 1862: "On the succeeding pages, if Divine Province, and the calamaties of war permit, I shall continue a journal of my business matters with such comments on men and things as accompanying circumstances may suggest. All of which I design as a remembrance and book of reference for myself while I live and my family when I am taken from them. (Volume 1:244)

Dr. KITTRELL was eminently successful in his attempt to record events which affected him and those around him. One can not help but wonder if later generations have as much interest and concern for posterity to devote the time necessary to keep a journal. Our existence is richer because of the effort of Dr. KITTRELL to record and comment on events in his life. And Texas A&M University is grateful to the Family History Foundation and Langston James GOREE for this valuable gift.

BRAZOS COUNTY CEMETERIES

The listing of Wixon Cemetery by Don and Vicki SIMONS is a great beginning for the other listings that we are counting on from others in our community. Can the Association plan on a good strong effort through the next five or six months to get the County listings ready for publication by fall?

Volume II, Number 1, page 4, has some suggestions for preparing for listing. "Going in teams seems to be the most efficient, as one can read and the other record and there is a check on each other as to accuracy. Equipment needed: cards (3x5 or the used computer cards are fine), record each stone on a separate card, indicate spouse if shown; pencil and paper for rubbings if needed (news print or butcher paper will do, with marking pencil or crayola); chalk (for bringing out shallow carvings; a wire brush or kitchen scrubber will get the moss off. A thermos of water, insect spray and a big hat will also help."

If everyone works together in a spirit of cooperation and enthusiasm, we can accomplish this task and enjoy it. How about it??

042 GRAF, RUDLOFF, REINHARDT/REINARZ

Franz GRAF b 24 May 1853, m ca 1877 to Minna REINHARDT (or REINARZ) b 10 Oct 1853 (both born in Germany). Their oldest son, Otto b 29 Oct 1878 in Sielsdorf, near Köln (Cologne) Germany. They, with other children: Henry, Frank, Dora and 3-month-old Pauline, arrived in Baltimore MD from Bremen on 21 July 1883 by S.S.Ohio ship. Took train and moved to Bexar Co, TX. Need information, full names of Franz's and Minna's parents, dates of marriages and deaths. (Franz and Minna had six more children born in Bexar Co, TX)

Family tradition says Franz's brother, John (or Johannes) GRAF, their sister, Tressa (Theresa) GRAF and her husband, Anders (Andreas) RUDLOFF, with their son, Otto b 12 July 1883 in Germany, and Minna's parents, the REINHARDT/REINARZ arrived later (When?) in Galveston from Germany (need proof). Minna's father drowned, found in shallow water on Corpus Christi bay soon after they arrived (flood in 1886 in Indianola?). Minna's mother died in Bexar Co. after 1887, may be buried with Minna's baby daughter, Rosa, died at eight months in 1887, (places of burial are unknown). John GRAF was living in Los Angeles, CA, in 1922. Tressa (GRAF) and Anders RUDLOFF died in Cross Plains, Callahan Co, TX.
