The History of Brazos County Is Coming

The organization of the Brazos County Heritage and History Council began the exciting process of producing the History of Brazos County--and will probably generate other books recording the colorful history of this area of Texas. Our organization, together with other organizations and individuals will join together --pooling resources, talents and devotion to task. Many of our members are already involved, and we hope that many others will become a part of this ambitious project.

Lily Rush HOPPESS and Mary COOPER will be working on the chapter called Pioneer Family Histories. The Brazos Genealogical Association is going to be a primary contact for searching out and preparing these early family histories. All of you who have early Brazos County roots, please contact Lily Rush and/or Mary to share your information. Also, we count on this group to search out others who can share their family histories for publication.

The recording of the county cemeteries will still be our own project--and every member is urged to be involved in this listing in order to prepare for that publication! Mary COOPER is coordinating the cemetery listings in cooperation with other heritage organizations in the county. Don SIMONS will be identifying cemeteries for descriptions in the History which will complement our own book. The recording of the Brazos County Census will also be a project that we should be involved in--in addition to the 1860 census which is already in process.

Brazos County is rich in early Texas history and deserves the attention that this project will bring. We all may work; there is plenty to do! Even though our roots may be elsewhere, our homes are here and this is where we can serve best. Everyone -- get involved!

Who Knows ? Queries / Questions

053 HOWELL

I am trying to research the HOWELL family which moved from South Carolina to Grimes Co. circa 1859, then after a few years to Bryan. I know that there are many descendants of these HOWELLs still in the Bryan area, but with the death of an elderly relative some years ago, I have lost contact with my cousins there. Can you help with this?

A Note from PAGE's PAGES

Here are some further listings that you may want to explore the next time you are in the Evans Library on the Texas A&M Campus.

General Works (All of the following are in the Microtext Room)

EVANS, Charles, Early American Imprints

EVANS collected material printed in the English colonies prior to 1800 which was later extended to 1820. Copies of these works were made on cicrocard so we have a copy of the Pay Colony Psalm Book, for example, which was the first item published in English America. These works are indexed by year. There is also a Short Title EVANS which indexes items by name in case you aren't concerned about the date of publication.

SABIN, Joseph, Bibliotheca Americana

The SABIN collection includes works about America. It is not complete. A few rolls are added each year. It is indexed alphabetically.

GOLDSMITH-KRESS Library of Economic Literature

Although the title indicates the material is economic, all sorts of other material is included. Unfortunately, it is indexed chronologically.

American Culture Series

This collection includes hard-to-find works about the United States. It is indexed by title, author and subject.

The indices to the above works are on shelves directly behind the desk area in the microtext room.
