Volume IV Number 5 Bryan-College Station
March - April 1983 Texas

EDITOR'S REPORT

The listing of Cemeteries is progressing very well! This issue continues the Steep Hollow Cemetery which was done by Mary BELL, Anna HALLARAN and Nina NOBLES --and this is not their first! H. A. MONCRIEF has also listed a couple recently and promised more later. (He's doing a little of his own research in Georgia right now.) Allie WHITLEY and Mary HANNA are planning some work soon, and Don and Vickie SIMONS are active again. How about some more members getting involved in our Texas Sesquicentennial Project?? The good weather will soon encourage us to get up and out -- include a cemetery in that 'outing'. Please check with Mary COOPER to be sure there is no duplication!

The Pioneer Family section of our Brazos County History Book is a project in which this organization should take a very active part. Start talking to people about writing a summary of their families and begin making your own notes Just remember that the families to be included in this section are those who were here before 1900 -- the true 'pioneer' families. Contact Lillie Rush HOPPESS (822-1405) or Mary COOPER (846-8278).

Another project that is going very well is the copying of the 1860 census for Brazos and Robertson Counties. The Brazos County Census is complete with this issue (44 pages) -- hurray! Allie WHITLEY and Mary COOPER have been copying this one and we will soon offer it as a separate publication. The Robertson County Census is longer (69 pages) and will probably not be completed until the end of the year. Patience! That's what it takes; patience and good eyesight!

One more thing--there is the prospect of our Brazos Genealogical Association sponsoring a one day workshop late in the summer. This is an excellent opportunity for us and it will take the support of all members to make it the kind of informative, interesting and profitable workshop that we will want to lend our name to.

Looks like this is shaping up to be a Great Genealogical year. Work, Learn, Enjoy.

INTERESTING INFORMATION

Ron ROBERTSON of Pyramid Audio (211 University Dr. is very interested in 'computer genealogy'. Some of our members may want to compare notes with him. He referred us to a magazine called Personal Computing, Jan 1983 p. 112. The article is called "Computing Your Family Tree". The article also lists some programs that are available. Ron also said that Young Electronics (on Brothers) has a program that you may want to take a look at. Ask for M/Roots. Ron would like to hear from others interested in computer genealogy. Call him at work: 713-846-8122.
