BRAZOS COUNTY HISTORY UP-DATE

The Brazos County Heritage and History Council is working steadily gathering information and pictures, editing and getting the many facets of Brazos County Life into the best order possible with the help of many people in many different fields. As genealogists, our organization has a special interest in the Pioneer Families Committee. This section deserves our special interest and support in searching out the information and/or the individuals who have information to share.

The Pioneer Families Committee is trying to contact those descendants of families who settled in Brazos County before 1900--truly 'pioneer families'. We know that many of those pioneers have descendants who have moved away from the Brazos County area but we want their story told, too. One mailing has already been completed to those people who have expressed willingness to share information as well as to those people who have roots in Brazos County. We know there are others who should be contacted! Please help us by sending names of individuals who might have information, and by volunteering your own information. (Many of you have already received that first mailing. Thank you for your response.)

Below and on page 4 are the responses we have asked for. If you can be of help in this project, please respond in either or both areas! Also printed on pages 4 and 5 are some of the suggestions sent to our prospective informants.

CONSIDER THESE WHEN WRITING ABOUT YOUR PIONEER FAMILY

1) When and why did your family come to Brazos County? From where? How did they get here?

2) Where did they settle? (area of the county) Do you have a picture of their early home?

3) What kind of work did they do? (Many listed in the census as 'farmer' were also lawyers, doctors, ministers, school teachers, blacksmiths, etc.)

4) Name the wife's family and the husbands and wives of the descendants. (Name all the descendants, not just your line, if you know them.)

5) If the husbands' and wives' families are Brazos County pioneers, send their story, too, or refer us to someone who can write about that family.

6) Your history will be more interesting with colorful information (i.e. political activities, church influence, landmarks and historical incidents). Please include these but consider space.

7) About 'family traditions' that may or may not be founded in fact: an intriguing story may be briefly told but should be identified as a 'family tradition'.

8) The committee reserves the right to edit or rewrite in the interest of space and in consideration of other items that may be duplications. In some cases, the committee may combine submitted articles and credit both writers (with permission of each).

9) With all these cautions and precautions in mind, we still want you to submit the interesting stories of your pioneer families. Better to have too much material than to leave out even one of this wonderful sturdy stock who gave us our Brazos County inheritance! (Who knows, we may end up with enough material for a whole book on BRAZOS COUNTY PIONEERS!)

ABOUT PICTURES FOR OUR PIONEER SECTION

1) Attach your name and address to each picture and identify the picture (names, place, date).

2) If people are shown, list all names if possible, beginning from left to right and designate rows. (Do not write on the back of any pictures.)

3) Your pictures will be returned after the book is completed. Please enclose a stamped self-addressed envelope for this purpose.

4) Mail pictures with cardboard protection and mark the envelope DO NOT BEND.

5) Send pictures of the members of your pioneer families, their homes, businesses, transportation, etc.

6) Have fun getting reacquainted with some really great people -- your family!

There is some good advice even if you have no Brazos County ancestors. Consider these items as you prepare your own family papers/pictures/history!
