Although this is not the first Advertiser you have received this year, it is the first dated for 1986. Your Editor has worked hard at getting school closed, retiring from teaching, buying a computer--and learning how to work it!--and getting caught up on the Advertiser. You will get full measure, I promise--only 'slightly' delayed!

THE RICHARD CARTER FAMILY

Richard CARTER was one of eight children born to Joseph and Nancy MENEFEE CARTER, of Virginia. On 17 January 1811, in Knoxville, Tennessee, Richard married Elizabeth LONES, born in 1788 in Shenandoah County, Virginia.

Richard CARTER served in the War of 1812 as a private in the Militia Infantry of East Tennessee Volunteers. After his return from service in the War of 1812, he and Elizabeth and their children moved in 1820, to Decatur, in Morgan County, Alabama. They left Morgan Point, Alabama, early in 1831, for Texas by way of Natchez, New Orleans and Galveston, where they landed in early April of 1831. On 30 April 1831, Richard CARTER received a grant for one league of land with the Stephen F. Austin Colony, in present day Brazos County, Texas. There they built a dog trot log cabin some three miles southeast of what became Bryan, Texas.

Their four children who came with them to Texas were Wiley, Elizabeth, Evaline and Mary Ann. Another son, Frank, was born after their arrival in Texas. Wiley CARTER married Harriet REED, Elizabeth CARTER married a Mr. WHITMORE from Utah, and Mary Ann CARTER married Wilson REED, brother of Harriet. Wilson and Harriet were two of the children of Michael and Martha BURNETT REED, neighbors of the CARTERs and probably acquaintances back in Tennessee, as Michael REED had also been in the War of 1812. Evaline CARTER married Samuel BURTON, and Frank died when he was about 12 years of age and was the first known member of the CARTER family to be buried in the Carter Family Cemetery.

After living the last half of their lives in this area, Richard CARTER died in 1863 and Elizabeth LONES CARTER in 1876. They were both buried near their son Frank. Their graves were marked by matching marble gravestones by members of the CARTER family, who also erected a wrought iron fence around the cemetery. The fence and gravestones were removed in the 1960's without permission from the CARTER descendants, many of whom live in the Bryan-College Station area today. Descendants of Elizabeth CARTER WHITMORE live in Utah and other areas. Carter reunions have been held in the Texas Panhandle where other descendants live, and a REED reunion is held annually in Temple, Texas, with many Richard CARTER descendants attending.

This paper was written by Eleanor HANOVER NANCE, great-great-great-grandaughter of Michael and Martha BURNETT REED. She presented it at the Ceremony held on March 2, 1986 when College Station dedicated the Richard Carter Park and the Historical Marker was presented. The Historical Marker is on the grounds of the Richard CARTER Park and near the access road on the East Bypass. The marker reads as follows:

RICHARD CARTER HOMESITE

IN 1831, RICHARD CARTER (1789-1863), VIRGINIA NATIVE AND WAR OF 1812 VETERAN, CAME FROM ALABAMA AND RECEIVED A GRANT OF LAND WITHIN THE STEPHEN F. AUSTIN COLONY AT THE SITE OF WHAT IS NOW THE CITY OF COLLEGE STATION. HE BECAME ONE OF THE AREA'S WEALTHIEST LAND AND SLAVE OWNERS, RAISING CATTLE, CORN, AND COTTON DURING THE YEARS BEFORE THE CIVIL WAR. CARTER WAS APPOINTED TO THE FIRST BOARD OF COMMISSIONERS AFTER BRAZOS COUNTY WAS CREATED IN 1841 AND HELPED SURVEY BOONVILLE, ITS FIRST COUNTY SEAT. EVIDENCE OF THE CARTER HOME AND THE FAMILY CEMETERY HAS BEEN FOUND IN THIS AREA.

Recorded Texas Historic Site 1984

Location: Richard Carter Park, Brazoswood Drive, College Station, Texas

Thanks to Eleanor for sharing this afternoon, her research and the interesting story of some of her forebears.

COMPUTER HELP FOR GENEALOGISTS - Part Two:

(This is the second in a series of columns designed to aid genealogists in using home computers to make their work more fun and efficient.)

Computer equipment is expensive; so most of us need to be wise and get the most for our money. At the same time, however, we want to obtain equipment that won't soon become obsolete. With the numerous brands and models of computers and printers on the market, which one should we choose?

The answer to this question is surprisingly simple. Select the one that will run the programs (software) that we want to run. Almost all of today's computers are powerful and well constructed; however, not all of them will run all of the programs.

I recommend the purchase of an IBM-PC, XT, or the more expensive IBM-AT. Why? Does IBM give me a commission? No, neither is the IBM the most well-made computer. The reason why I recommend the purchase of an IBM is because of the great software it runs, some available free or at a very low cost from computer clubs and some software firms around the country. I will talk more about this in my next column. But be aware that there is some excellent free software available that runs only on the IBM.

I also recommend that you purchase an IBM (new or used) with at least 256K memory. The newer, faster programs are using more memory than the older ones. I also recommend the purchase of two disk drives.

What about a printer? Here, again, compatibility comes to play, and hence, I recommend an Epson or an IBM dot-matrix printer. These seem to be the standard and therefore will work with more programs than any of the others.

To give you the greatest flexibility, therefore, remember this basic rule in purchasing computer equipment: stay in the main stream.

(In the next column we will discuss software)

NOTE: Your Editor has recently purchased a computer, and may have an entirely different view to share with you after the 'learning period' is commpleted! Stay tuned for the next report!

On the next two pages is a cemetery listing--one of the last your Editor will list. The Association has decided to take over the conpletion of the survey and publication of the Brazos County Cemeteries. This has been a very special project to me and I feel sure the Association will bring it to completion with something that we can all be proud of--and afford, too!

#83 MOSELEY, BATTE, WASHBURN, JETER, COPELAND

I am searching for the location of the grave of Amelia MOSELEY BATTE WASHBURN JETER who died 12 January 1849. She was born 26 July 1821, daughter of Daniel MOSELEY and Sarah COPELAND MOSELEY. She was married three times, first to Edward Stratton BATTE, second to Levi L. WASHBURN and, third, to Eleazier A. JETER.

I am looking for a picture of Daniel Edward BATTE, b 16 Nov 1846, d 15 Nov 1892. He is buried in Bryan, Texas. He served in the Civil War in Hood's Brigade, Longstreet's Division. I will be glad to pay for having a copy negative made--or will come and photograph it myself if you do not trust it to a professional. I have additional information on the BATTE family and will be glad to share it with anyone who is interested.

#86 JOHNSON

I need some assistance trying to locate the name of my g-g-g-grandfather. He came to Texas in 1845 to Brazos County and died shortly after arriving and was buried in the new Boonville Cemetery. He came from Georgia, possibly Meriwether county, and brought his grandchildren with him. Their father died enroute and was buried somewhere in Mississippi. I do not have his name either. I doubt if a grave marker exists for him in Boonville and probably old church records if any are available will be my only chance. One of the grandchildren with him was my great-grandfather Green Berry JOHNSON who was nine years old at the time. His Civil War records show he was born in Meriwether County, GA 3 Nov 1836. The information I have as to his early history comes from a book entitled "Bedias, My Home Town". By records available it shows him in Grimes County Texas in 1849. I have searched the 1850 census for Brazos, Grimes, Walker and several other counties and could not locate him in either.

Ron COLEMAN, 102 Eddie St., Victoria TX 77901

Nadine BILLINGSLEY has shared this item which she found in some of her mother's papers. It was taken from the Foard County and Crowell Index, 1956.

Mrs. A. S. HART Retires From Teaching

Mrs. A. S. HART, primary teacher in the Crowell Schools for fourteen years, retired from the profession Sept. 1, 1956. Mrs. HART served 34 years as a teacher in Crowell and Rockwood, Texas.

She began her teaching career in 1901 and taught until her marriage to A. S. HART in 1911.

She was the daughter of Mr. and Mrs. J. M. ALLEE. Her parents came to Old Margaret, County Seat of Hardeman Co. [TN? TX?] in 1885. Her father served as sheriff and tax collector. Land on which Mrs. HART's father filed on over 70 years ago is still owned by the heirs of the estate.

Mrs. HART started school at Old Margaret with her uncle George P. BROWN, as teacher. When Crowell and Foard County was organized in 1891, Mr. BROWN was one of the first school teachers in Crowell. Mr. BROWN's brother, M. D. BROWN also taught at Crowell and Quanah. They were brothers of her mother.

Mrs. HART has a sister, Mrs. R. R. MAGEE and a son Mr. J. A. HART. Mr. HART is a journalism teacher at Columbia, MO.

Thank you, Nadine, for this contribution. Perhaps some of you have interesting 'bits' that you could share with us??

Here is another interesting item that was in a recent issue of The Quill, No. 6, June 1985.

"This is typical of the good information one gleans from the annual SCGS Workshop. Clipped from the program of several years ago...."

Gleanings From The Archives:

1737-1748 was a period of very low immigration into South Carolina. After August, 1738, bounty was hard to get. 1755 - in Georgia, the average land grant was 100 acres. One could not get more than 500 acres which had to descend in the male line, and slaves were not permitted.

In South Carolina, if one was situated at passes or ferries, he was not required to do jury duty! This was also in effect in 1762 for 6 years. 1744: Bounty was very small. 1748: The House of Commons tried to slow down foreign Protestant immigration to 1,000 per year! By 1751, they were encouraging foreigners again, and British to settle between the Santee and the Savannah within forty miles of the coast. 1752: Many Germans applied, resulting in there no longer being a prescribed place of settlement. Some bounty was still given; so 1500 probably came.

In the early Province of South Carolina, Land Grants were not affected by death (in other words, the widow and surviving family still got the Grant!).

-Historical diagram of Georgia

Land lotteries brought many migrants to Georgia. Those who drew "bum" land moved onto Alabama and Miss.

See, Harry W. Martin and C. A. McMahan, "Land Distribution by Lottery in Georgia," Southwestern Social Science Quarterly, XXXIII (1952).

Many people migrated from the Deep South 1816-1826, 1846-1855 into the Public Domain States of Indiana, Illinois for Bounty Land.
